Dear Library Patrons and Neighbors,

Keeping in mind that good news should always come before bad, we're happy to announce that demand for library services continues to increase. Now for the bad news: the library's government funding will be decreased. This is why this year's annual fund drive is more important than ever. We are asking for your help.

Besides the many children's programs, our free internet and computer access serve as a critical resource for research, resume writing, and employment searches. Newspapers, magazines, CDs, and DVDs are being checked out in record numbers as patrons look for low cost entertainment alternatives. We want to avoid the negative impact that cutting services would have on our community, so we need your help. We are counting on you, so that the library can continue the programs and services that you and your neighbors rely upon.

It has been a difficult year for many people, but we believe that the individuals, families, and businesses in our community are proud of the Newtown Public Library and are committed to maintaining this valuable and vital asset.

We thank you for your continued support and ask that you respond as generously as possible.
